

The word for the body of Jesus Christ in America.

Hello dear brothers and sisters in America. My name is Yuris Kravalis. I live in Latvia. Over the decades, I have been greatly blessed by many ministers from the body of Christ who live and serve in the United States. And now, looking at what is happening inside America itself, there is a strong desire in my heart to share with you my thoughts, which may help you to see and understand what you have not seen and did not understand before. I am not addressing you personally by name, because I have sent this letter not only to you, but also to many other churches. And I'm writing through an electronic translator, so excuse me if the text is a bit messy.

A few years ago, when Donald Trump was President of the United States, he took part in a festive event on the occasion of the Independence Day of the United States, held at Mount Rushmore. My letter is largely a reaction to what I heard in his words. I will give excerpts that touched my heart especially strongly.

"Our nation has witnessed a ruthless campaign to destroy our history, slander our heroes, erase our values and indoctrinate our children. Angry mobs are trying to demolish the statues of our founders, desecrate our most sacred monuments and provoke a wave of violent crimes in our cities. Many of these people have no idea why they are doing this, but some know what they are doing...

The lawlessness of violence that we have seen on the streets and in cities, and which is run by "liberal" Democrats, is in all cases the predictable result of years of extreme indoctrination and bias in education, journalism and other cultural institutions. Contrary to all the laws of nature and society, our children are taught at school to hate their country and believe that the men and women who built it were not heroes, but villains. A radical view of American history is a web of lies, everything that is worthy of respect is removed, every virtue is questioned, every motive is distorted, every fact is distorted, every flaw is inflated until nothing remains of the story and the narrative is transformed beyond recognition."

When I listened to this speech, I suddenly realized that I had already seen it somewhere. And I'm not talking about *deja vu*. I am saying that the same process took place in another country several decades ago, and I am now talking about the Soviet Union of the late 80s. I suddenly saw clearly that the spiritual forces that are attacking the United States today attacked the USSR in the mid-80s, and these are not forces from heaven that fulfill the will of God on earth, as in heaven. These forces tore the USSR apart, which led to great human tragedies — hundreds of millions of people experienced an economic and social catastrophe, hundreds of thousands of people died... Communism was supposed to fall, but much of what happened to the country and the people is not the will of God. The main reason that these evil forces were able to bring destruction and death is a very weak and immature church, which accepted many evil processes as something right and pleasing to God. The freedom that many reformers talked about turned out to be not freedom, but the spread of lawlessness, under the guise of "freedom".

---Galatians 5:13 "You are called to freedom, brethren, if only your freedom is not a reason for [pleasing] the flesh, but serve one another with love."

---2 Peter 2:19 "They promise them freedom, being themselves slaves of corruption; for whoever is defeated by whom is a slave to him."

The freedom that the Church of Jesus Christ should support is the freedom that comes as a result of a person's liberation from sin, through repentance. Any other freedom is not freedom, but a diabolical fake that is designed to bring death and destruction to people. ---John 8:32 "... and you will know the truth, and the truth will make you free." ---2 Corinthians 3:17 "The Lord is the Spirit; and where the Spirit of the Lord is, there is freedom."

---John 8:36 "Therefore, if the Son sets you free, you will truly be free". ---1Peter 2:13-17 "Therefore be submissive to every human authority, for the Lord: whether to the king as the supreme authority, 14 rulers, as sent from him to punish criminals and to encourage those who do good 15 for it is the will of God that when we do good, we block the mouths of the ignorance of insane people, 16 as free, not as using freedom to cover up evil, but as servants of God. 17 Honor all, love the brotherhood, fear God, honor the king."

Fighting for "freedom and democracy" with "dictators" around the world at the political level, the United States has brought a lot of death and destruction to many peoples. I'm not saying that everything America has done, as a state, outside of America is evil. But, a lot of things are evil! I have heard from well-known American ministers more than once how they rejoiced that the US army overthrew some dictator and brought freedom to the common people. Using the example of Iraq and Libya, one can see that many more people died there during the "liberation" and during the "democratic" rule than from these "terrible and evil dictators", who, according to many Western politicians, "are the embodiment of everything bad that contradicts the way of life in countries that belong to the "to the free world." Yes, one, maybe not the kindest ruler, was removed there, but many small, but also very evil local princes appeared in his place!!! Who treat people no kinder, while also fighting among themselves.

Interestingly, many Christians outside America, because of the strong influence of American ministers, supporting President Trump and praying against the forces that oppose him in the United States, support these forces in their countries and "fight evil" in their countries, taking the side that is opposite to the side of the Kingdom of God!!! I would like to draw your attention to the fact that the overwhelming majority of people who represent the "free opposition that promotes democracy and fights against everything bad for everything good" are supported by exactly the same political and financial circles that in America oppose Trump and the church, which is on the side of Jesus Christ. This is very clearly seen by the way the collective West supports the "free democratic" opposition in Russia in the fight against the "evil dictator" Putin, and in Belarus with Lukashenko. And the best example of this is Ukraine, whose best friend is the Biden family and representatives of the Democratic Party, who were directly behind the illegal military coup in 2014 and subsequent internal evil processes that provoked a war with Russia. And the most unpleasant thing about this is that many Christian ministers from America also support it, calling corruption, lawlessness and all this evil a struggle for freedom and democracy. And under the influence of the spiritual authority of these often very famous ministers, believers in Russia, Belarus, Ukraine and many other countries take not the side of the Kingdom of God, but the side of evil, which the church of Jesus Christ must resist!!!

And a very unpleasant side effect is that the governments of these countries perceive people who represent the Church of Jesus Christ as a "fifth column" that promotes the interests of Western politicians!!! And because of this, the church may be subjected to harassment and even persecution by the state. And you know that these claims on the part of the state can be fair!!! Because in this case, the state opposes not the Gospel of Jesus Christ, but the influence of a hostile state!!!

--- 1 Peter 4:12-16 "Beloved! do not shy away from the fiery temptation that is being sent to test you, as strange adventures for you, 13 but as you participate in Christ's sufferings, rejoice,

and in the manifestation of his glory you will rejoice and triumph. 14 If they curse you for the name of Christ, then you are blessed, for the Spirit of Glory, the Spirit of God rests on you. He is blasphemed by those, and glorified by you. 15 Let none of you suffer as a murderer, or a thief, or a villain, or as a trespasser; 16 but if as a Christian, do not be ashamed, but glorify God for such a fate."

The Church is not called to promote the interests of certain political circles from other states, and those who are also against Jesus Christ!!! The Church is not called to promote either "democracy" or social "values" that contradict the commandments of God. The Church is called to preach the gospel of Jesus Christ to all nations!!! It is very important to understand that the political situation in the country is the result of the cumulative spiritual state of the entire people!!! The correct method of solving the problems of society and each individual is preaching the Gospel, because through this the internal state of people changes, which in the right way leads to changes in society and the state. If you make changes trying to change the state system without changing the spiritual state, the result is usually very, very bad. Let me remind you once again about the situation in Iraq and Libya, where chaos, destruction and death are flourishing today, which are the fruit of the fact that freedom was wanted to be brought from the outside, and not through the right changes in people's hearts, which can only happen when a person personally meets Jesus Christ in his life. Therefore, spiritual leaders in all camps should carefully observe that believers do not fall under the wrong influence of evil spiritual forces, so that the spirit of the antichrist cannot use people born again in unrighteous deeds. In every nation, the church should preach the Gospel and only the Gospel, while respecting the legitimate authority, which differs from Western standards of "freedom" and "democracy", and even if they do not share the "values" of Western democratic society. To tell the truth, our Lord and Savior Jesus Christ does not share these "values" in many ways either!!! I would like to remind you that the church is not called to promote the interests of certain political circles from other states. The Church is not called to promote either "democracy" or the social values of the "free world", which very often contradict the commandments of God. The Church is called to preach the gospel of Jesus Christ to all nations!!! And all spiritual leaders should remember that believers are the body of Jesus Christ. And the fact that each member of the body of Christ is called to fulfill only the will of God on earth, as in heaven, and not the own interests of people who are in the leadership of the church! And every spiritual leader has the responsibility to ensure that this is exactly what is being fulfilled!

---Acts of the Apostles 20:26-32 "Therefore I testify to you this day that I am clean from the blood of all, 27 for I have not omitted to declare to you all the will of God. 28 Therefore, hearken to yourselves and to the whole flock, in which the Holy Spirit has appointed you overseers, to shepherd the Church of the Lord and God, which he has purchased for himself with his Blood. 29 For I know that, after my departure, fierce wolves will come to you, not sparing the flocks; 30 and men will arise from among you who will speak falsely, in order to draw the disciples after them. 31 Therefore, watch, remembering that for three years I have been teaching each of you day and night without ceasing with tears. 32 And now I commit you, brethren, to God and to the word of his grace, who is able to edify [you] more and to give you an inheritance with all those who are sanctified".

---1 Peter 4:11 "Does anyone speak [speak] as the words of God; does anyone serve [serve] according to the power that he gives God, so that God may be glorified in everything through Jesus Christ, to Whom glory and power forever and ever. Amen."

---James 3:1 "My brethren! not many become teachers, knowing that we will be more condemned".

---2 Corinthians 4:5 "For we do not preach ourselves, but Christ Jesus, the Lord; and we are your servants for Jesus."

What is happening in the world right now is BABYLON. Babylon is translated as confusion and complete confusion, which leads people to spiritual blindness. This is the

devil's favorite atmosphere in which he can act effectively and bring death and destruction to people. How can he destroy the life and ministry of the born-again people? To attract them by deception to the wrong side!!!, on which God's condemnation works! ---Jeremiah 51:44,45 "And I will visit Bel in Babylon, and I will tear out of his mouth what he has swallowed, and the nations will no longer flock to him, even the walls of Babylon will fall. 45 Come out from among him, my people, and save every man his soul from the fiery wrath of the LORD."

---Revelation 18:1-5 "After this I saw another angel coming down from heaven and having great power; the earth was illuminated by his glory. 2 And he cried out mightily, saying with a loud voice: Babylon, the great [harlot], has fallen, has fallen, has become a dwelling place of devils and a haven for every unclean spirit, a haven for every unclean and disgusting bird; for she has drunk all the nations with the fierce wine of her fornication, 3 and the kings of the earth have fornicated with her, and the merchants of the earth have become rich from the great her luxuries. 4 And I heard another voice from heaven saying, "Come out from her, my people, so that you do not participate in her sins and not be exposed to her plagues; 5 For her sins have reached heaven, and God has remembered her iniquities."

The weakness of today's church is largely the fruit of the fact that, due to spiritual immaturity, born-again believers are involved in processes initiated not by God, but by the devil, and do it by a force that came not from heaven, but from hell! Jesus was able to defeat the evil world and take power away from the devil, because there was nothing inside Jesus that belonged to the evil world and the devil.

---John 16:33 "These things I have said to you, that you may have peace in me. In the world you will have tribulation; but take courage: I have conquered the world."

---John 12:31 "Now is the judgment of this world; now the prince of this world will be cast out."

---John 16:11 "concerning the judgment, that the prince of this world is condemned."

--- John.14:30 "It is not long for me to speak with you; for the prince of this world is coming, and has nothing in me."

The bad processes inside America today are reaping from the seeds that America has been sowing around the world for many years. What the church is fighting inside America is exactly what we know as the "Orange revolutions", or as the "Arab Spring", or as the "Maidan" in Ukraine. And if America wants to stop this evil destruction inside America, then it must stop supporting this evil outside the borders of the United States!!! Because if we support something evil towards others, we ourselves will not have the strength and power to resist this evil when it attacks us.

And another problem that in my opinion weakens the church in America is that America has a special calling from God. But, many American ministers and ordinary Christians have made an idol out of this vocation, which may even take the place of the Lord Jesus Christ himself. Being a patriot of America is not bad for an American when he is, first of all, a patriot of the kingdom of God, and at the same time does not try to make people from other nations patriots of America through "his American gospel of democracy". I will reveal one secret to many American brothers and sisters that not only Israel and America have a special vocation from God, but also many other countries and peoples that the American government strongly opposes at the political level. And, unfortunately, for some reason, many American ministers support the foreign policy of evil people in the US government, who are opposed internally. It is important to understand that if the Russian government opposes the actions of the US government, it does not mean that the Russian government is evil and wrong, and that it is acting against God's plans!!! Yes, God exalted America in order to preach the gospel of Jesus Christ, but not in order to preach America and make America out of all other countries and peoples!!! Dear American brothers and sisters, if God gives you a ministry outside the USA, then don't take America there! Take the Kingdom of God there! And before

that, take enough time to learn from God about the people and the country where you are going to serve, how God looks at this people and country, and what plans He has for these people. Because if you preach to other nations only about the special vocation of Israel and America, while not revealing God's plans for these people, then this will lead to people having a disdainful attitude towards their people and country, which, like America, also has a special vocation from God to fulfill His will on earth like in the sky. I wonder how you would treat a minister with a great vocation if he constantly emphasized in his teachings the importance of his vocation and the importance of his family in this vocation, but at the same time completely neglected to help other people fulfill their vocation, because it is his vocation that must be fulfilled, which is "the greatest and important." Moreover, from his point of view, everyone else should constantly pray and fast for his family, even at the cost of neglecting their own families. In such a situation, any mature Christian will understand that this "most important" minister has a big spiritual problem, which in fact is the main enemy of the great vocation that he has of God. And what I want to say is that if American ministers have the vocation, resources and grace to carry the gospel to the peoples, then they have the responsibility to teach the peoples in this area that Christians from other states should not fulfill America's vocation. Iranians should fulfill the vocation of Iran, Russians the vocation of Russia, Mongols the vocation of Mongolia!

I believe in America's special vocation, which she has not yet fulfilled to the end, so American ministers need to be especially vigilant so as not to fall into a very insidious trap of Satan. It is very important to understand that if the devil cannot dissuade those called to fulfill a vocation from God, and if they produce good fruit and occupy a high position, then Satan will try to plant in them the idea that if you are not the only one, then this is for sure the most important one. And that no one and nothing can happen without you. Everyone should ask your permission. In the Bible, you can see how people from the tribe of Ephraim got into this roadside. God greatly blessed Ephraim. It raised these people up among the rest of God's people. And over time, people from the tribe of Ephraim became very jealous of the fact that everything had to happen in Israel, if not with their participation, then with their "greatest" permission. This is clearly seen in the book of Judges. When God's people became dependent on evil neighbors because of sin, the Lord raised up judges whom He Himself chose, and through whom He brought His people liberation from slavery (Judges 2:14-19). But interestingly, the Ephraimites were very annoyed by this, and they very hostilely reproached the God-anointed judges that they had won without the "main" Ephraimites in Israel. This is clearly seen in the story of Gideon. The conflict was resolved only when Gideon gave all the laurels for the victory to the Ephraimites, although in fact this was far from the case! A similar situation was repeated in the story of Judge Jephthah (Judges 12:1-6). The Ephraimites threatened the lives of Jephthah and his family, for the same reason — the work of God was done without them. And this time everything ended very badly for the Ephraimites — they themselves declared war and killed several tens of thousands! (Judges 8:1-3). I heard different opinions from different ministers about this — some said that Jephthah was wrong, that it was not necessary to act so radically. Maybe there is some truth in this, but the truth also lies in the fact that what the Ephraimites did was definitely very evil, and they provoked this conflict themselves. It is very important to understand that when a person admits the influence of demons into his heart, and is not going to leave this path, sooner or later he himself will come out from under the mercy of God, and will receive a strong destruction! (Psalm 78:9,67; Hosea 13:1). A person who exalts himself and neglects others shows evil arrogance!!! ---Isaiah 47:10 "For you hoped for your wickedness, you said, "No one sees me." Your wisdom and your knowledge – they led you astray, and you said in your heart, "I am, and no one but me."

Arrogance is the real devilry! God hates arrogance and will never put up with His children behaving like the devil!

--- Deuteronomy 8:14 "Erase, so that your heart will not be lifted up...".
---Proverbs 21:4 "The pride of the eyes and the arrogance of the heart that distinguish the

wicked is sin."

---Habakkuk 2:4 "... the haughty soul will not rest..."

---Psalm. 30:24 "Love the LORD, all his righteous ones; the LORD keeps the faithful and will reward those who act haughtily with abundance."

---Psalm 100:5 "I will not tolerate the proud in my eyes and the haughty in my heart."

---Proverbs 16:18 "Pride precedes destruction, arrogance precedes fall."

Those people who do not separate themselves from evil, but will manifest its nature, will eventually experience a lot of bad things in their lives that were intended not for them, but for the devil.

---Zephaniah 2:15-3:1-5 "This is what a triumphant city will be, living carelessly, saying in its heart, "I am, and there is no other but me." How he became a ruin, a den for animals! Anyone passing by him will whistle and wave his hand. 1 Woe to the unclean and defiled city, the oppressor! 2 He does not listen to voices, does not accept instruction, does not trust in the Lord, does not approach his God. 3 His princes are roaring lions in the midst of him, his judges are wolves in the evening, who do not leave a single bone until morning. 4 His prophets are frivolous, treacherous people; his priests defile the holy place, trample on the law. 5 The LORD is righteous in the midst of him, does not do unrighteousness, shows his judgment every morning without fail; but the wrongdoer knows no shame."

In my opinion, this evil spirit of arrogance, to my deep regret, has a very strong influence in America, especially on American politicians. I understand perfectly well that God has given America very great political and economic power, and I am not against it in principle. I am against the way your politicians use it. When I hear former American President Barack Obama speak, or American senators and congressmen, or someone else who represents political elites, it causes me the strongest opposition. I want to emphasize in particular that in most cases resistance is caused not by what they say, but by how they say it, in what spirit it happens. And what I see is arrogance and a sense of personal superiority. And in such a strong form that I wonder how they haven't burst from it yet. And how much more of this evil spiritual force can fit in them, and how much longer they will be able to stand on their feet. I also see that the standards of behavior of American and allied European politicians have been lowered so much that when I look at them, I don't see them as the fathers of nations. I have a feeling that teenagers from dysfunctional families have reached power. They lie so easily, they make superficial decisions so easily. They so easily turn to personal insults of political opponents. Their behavior tells me that they have forgotten that the lives of hundreds of millions of people depend on their words and actions.

Unfortunately, the manifestation of this spirit could be seen even in President Trump, who himself was on the right side. I think this is because previous politicians have long given way to a spirit of arrogance. This led to the fact that he took a very strong place in the spirit of America. And if it is not recognized, it will influence how politicians think, wish, speak, act. If you do not stay awake and purposefully resist this spirit through personal humility and public preaching, then it will influence good people, even Christian ministers. As we have already read in the prophet Zephaniah. Such a spiritual state leads to the fact that American politics, outside of America, sows a lot of injustice, both political and economic. And if people do not know how to solve these problems through the courts of the Kingdom of God, then there is a high probability that Marxism will take this place, which gives people the illusion and false hope for freedom, equality and justice. Which, in the end, leads to great economic, social and political destruction.

By the way, as for Marxism, I came to the conclusion that all countries that adopted Marxism as a state ideology fought either the oppression of capitalism or the oppression of colonialists. That is, these peoples experienced great injustice. The reasons when injustice reaches a national and widespread level are described in the Book of the prophet Isaiah in chapter 59. It says that people live in disregard of the laws of God, which keeps them away

from the judgments of God, which give a great reward (Psalm 19:12). And the reason that people live wilfully is described in the fourth verse: no one raises a voice for the truth, and no one stands up for the truth. And if no one knows the truth about God's judgments, then Marxism will try to fill this void, which claims to be a fair answer to the problems that led to injustice. And Marxism wins where the church is absent or silent. I would especially like to draw your attention to the fact that for many years the US government has been trying to resist Marxism around the world with the help of brute force, suppressing the resistance of people who were looking for justice! Yes, they were looking for her in the wrong place. But the US government, on behalf of the entire American people, has not infrequently taken the wrong side, which supported a great injustice. And in this, democratic America is no different from the communist USSR! And the most unpleasant thing about this situation is that the church in America could often be on the wrong side itself. I'm not saying it was always there, but sometimes it was, and not very rarely.

I think people make a big mistake when they fight Marxism directly. I believe that in order to prevent Marxism from entering society and the state, it is necessary to make sure that there is no ground for it. And the best ground for him is injustice. And it doesn't matter what kind of justice it is — democratic injustice, capitalist injustice, the injustice of representatives of the "free world". If this is an injustice, then it is no different from the injustice that the Nazis and Communists, or even cannibals, bring. In the eyes of God, all this is an abomination!!! From history, we all know about the terrible Nazi regime in Germany, led by Adolf Hitler, who ignited a world war in which about fifty-six million people died! But what is interesting is that these cannibals were supported and financed by many Western political and financial circles. And all this was done because the Nazis were fighting the Communists, who were spreading Marxism all over the world. And it all ended with the fact that America and Britain had to unite with the communist Soviet Union in order to stop this "brown plague" by military force themselves. My thought is that wisdom from God would not have made such a mistake! By the way, nowadays the US government, in its own interests, has again raised the Nazi regime, only now in Ukraine. And all this is to fight its geopolitical rival Russia. And the most unpleasant thing in this situation is that many Christian ministers speak out in favor of Ukraine, which, in their opinion, is on the right side of freedom and democracy in the fight against Putin's evil, and certainly not democratic regime. I won't talk much about Russia and Putin. But I will say one thing, that the image of Russia and Putin in the minds of most Americans, including Christian ministers, is very much distorted by the mass media, which, by the way, oppose President Trump and Christian values within America. Just think about this fact.

I will say again that being a patriot of America is not bad if this patriotism does not stand in the place that only our Lord and Savior Jesus Christ and His Word can occupy! If national patriotism is more important than the will of God, then this leads to the fact that people support injustice. I have heard American ministers justify America more than once and say that God will not judge it, because America has a great vocation and has done a lot to preach the gospel, so it will bring mercy at the trial. I believe in the gospel of mercy and grace, but when I hear this, I see very clearly that this is not the Gospel of Jesus Christ! This is the "gospel" of good deeds, which gives "deserved salvation"! This is the "gospel" of the Antichrist! And this is the "gospel" of double standards, which God hates with all his heart!

---Proverbs 11:1 "The wrong balance is an abomination before the Lord, but the right weight is pleasing to Him."

---Proverbs 20:10 "Unequal scales, unequal measure, both are an abomination before the Lord."

---Proverbs 20:23 "An abomination before the Lord is unequal weights, and incorrect scales are not good."

---Proverbs 16:11 "The right scales and scales are from the Lord; from Him all the weights in the bag."

When a person justifies himself by saying that he has worked for the Lord, and this is what gives him the right to mercy more than others, then God calls it an abomination — the same word, then homosexuality! By the way, when Barack Obama was President of the United States, it was stated that the American government would promote the values of homosexuals at the state level. The same was stated on behalf of President Joe Biden. About a year ago, NATO Secretary General Jens Stoltenberg said that this military alliance would also promote and protect the values of homosexuality.. There is no justification for this from good deeds, except repentance and faith in mercy through the blood of Jesus Christ! Therefore, when I hear that God will not judge America, because she has a great vocation and has done a lot to preach the gospel, and therefore it will bring mercy to the court, I also feel in my heart when I hear how "good evangelists" bless homosexual "families". How can you think that God will treat America differently than other peoples and countries?! Find it in the Word! The Word says that God condemned Israel, and through Israel we received the written Word and our savior Jesus Christ (Romans (9:4); (3:1,2)).

Dear brothers and sisters from America, don't get me wrong. I don't want terrible judgments and the destruction of America. I want God's plan for your people and country to be fulfilled in fullness on earth as in heaven. That's why I'm writing this letter to help you see what is harder to see inside America. And if you really want the destruction to bypass America, then you just have to admit that everything that God considers wrong is wrong, and at the same time not justify yourself by saying that you have a great vocation, and that the American people have done a lot to preach the Gospel.

Dear Americans, it will be very good for America if the church in America stops fighting "evil dictators", promoting democracy and the values of the "free world" among those peoples who do not want to sing in the "church choir" of NATO. I believe that it will be very good for America and for the rest of the world if the church in America begins to deal with the deep problems within America that prevent us from fulfilling God's calling on earth as in heaven. And there are deep-seated problems in America, and they are no less than in other nations! Imagine a young man in his twenties who is a member of a very wealthy family that owns many international corporations with global influence. And this young man loves the Lord with all his heart and wants to fulfill His vocation, while he thinks that all the well-being of his family is a consequence of the fact that the Lord has blessed them. But then he finds out that his grandfather and father earned this fortune through bribery, blackmail, and even political assassinations, and there is no faith in the Word of God in the basis of this capital. Yes, there was a certain grace and blessing on the life of this young man, because he personally honored the Lord himself and did not participate in evil deeds. But, it is impossible to call all the wealth of this family the fruit of blessings from God, which can be cited as an example to other people. And for this young man who worships God, he will have to separate himself from some of the processes in which people from his family are involved, if, of course, he wants, first of all, to fulfill the will of God on earth, as in heaven. Otherwise, his life will not fully bear witness to the ways and deeds of our Lord and Savior Jesus Christ. And what I want to say is that Christians in America remind me very much of this young man, but until he found out the whole truth about his family. I'm not saying that America is the most evil country on earth. But America is not the country that in all its facets reflects the Kingdom of God on earth as in heaven. There are quite a few things in America that God hates and will surely condemn if people do not repent.

In the book of the prophet Amos, one can see how God canceled destructive judgments on the people of Israel several times through the prayer of the prophet's intercession (Amos 7:1-5). But, the moment came when God said that he would no longer cancel the judgments (Amos.7:8; 8:2). Why? Because in order for the judgments of destruction not to come upon the people of God, one prayer of intercession is not enough. Yes, the petition is important and necessary, and it works when it is in its place. But there comes a time when God expects

people to repent and change. And repentance and change are possible when there are people who preach the truth. I believe that changes will begin in America for the better when the Americans themselves will preach against the real sins of America, not justifying themselves in any way, but relying only on the mercy and grace of our Lord and Savior Jesus Christ. Moreover, it is necessary to preach about this not only inside America, but also outside of it, in order to destroy the wrong thinking that has been implanted in the people for many years. This is a worthy fruit of repentance!, which gives the ability to accept mercy and grace on the people and state of America.

I hope that among the people who read this letter, there were those who correctly saw what I was talking about.

Be blessed!
